Staff comments on performance issues for each provider are provided below:

Youth Served:

FEOC: Staff has no concerns; in-school youth (ISY) enrollments are above plan due to Provider meeting their ISY enrollments for the year. Provider has frozen in-school enrollments and has ensured FRWDB staff that they will not exceed the maximum 25% in-school enrollments.

Provider is fully staffed and is in the process of submitting a budget modification to correct under expenditures due to staff savings. Provider expects to be in line with the updated plan by the third quarter.

ResCare: Staff has no concerns; expenditures are below plan caused by staff savings due to a staff member on Leave of Absence. Provider is fully staffed and expects to be in line with plan by the third quarter.

WHCCD: No Concerns.

Youth Offender Services (ResCare): Staff has no concerns; low expenditures are due to subcontractor not invoicing provider in a timely manner, staff savings and hiring process. Provider is in the process of working with subcontractor on collecting invoices in a timely manner, and is currently working on filling the position. Provider will be submitting a budget modification to correct under expenditures due to staff savings. Provider expects to be aligned by the third quarter.

Provider anticipates being in compliance by the third quarter.

Youth Offender Services: OSY Reading and Math attainments are below goal due to participant being disengaged. Staff is working on providing additional one-on-one tutorial in addition to online tutorial program to keep participants engaged and on track.

SUBJECT: Fresno County Workforce Investment Act Youth Program Performance Report for Program Year 2015-2016

RECOMMENDATION:

Recommend that the Fresno Regional Workforce Development Board (FRWDB) accept the following Youth Program Year (PY) 2015-2016 final State of California performance results.

REASON FOR RECOMMENDATION:

Each PY, the State of California reports local workforce development area performance as mandated by the United States Department of Labor. The table below provides the final youth performance for PY 2015-2016 as reported on the California Workforce Development Board’s website in the PY 2015 Report Tables.

Each year, the required goals are reviewed by the State, and new goals are determined through a negotiation process. If a local area is below 80 percent for the goal achievement success rate for two (2) years in a row, corrective action may be taken by the State.

The results displayed below indicate that the Youth Council, FRWDB staff, and Service Providers have successfully achieved all goals for this period.

Youth:

Measure	Goal	Actual	Success Rate
Placement in Employment or Education	60.0%	66.0%	110.0%
Credential Attainment	55.0%	70.0%	127.3%
Literacy/Numeracy	45.0%	65.0%	144.4%

It is important to note that data collection for performance for the Workforce Innovation and Opportunity Act began July 1, 2016. Due to the significant time lag built into the measures, the first full performance report will not be available until 2019.
