The Fresno Regional Workforce Development Board (FRWDB) requires all registered Workforce Innovation and Opportunity Act (WIOA) participants to take specialized academic and occupational assessments that assist in providing appropriate career guidance. Reasonable accommodations for particular physical or limited English barriers will be made, as requested by the Assessment Facilitator, for each assessment site, prior to taking the assessment test.

Youth Basic Skills Assessment

Basic Skills Deficient- An individual that is unable to compute or solve problems, or read, write, or speak English, at a level necessary to function on the job, in the individual's family or in society. The FRWDB locally defines basic skills deficient as 8.9 or below in reading or math or is Limited English Proficient (LEP).

In order to assess basic skill levels, FRWDB requires all WIOA participants to be assessed, prior to enrollment, with the CASAS[®] initial assessment.

- B. All WIOA participants must pre-test and post-test using the CASAS® Goals assessment. A copy of the CASAS® assessment results must be kept in the participant case file.
- C. All CASAS® Goals assessment results must be entered into the CalJOBS Educational Functioning Level for Measurable Skills Gain tab and documented in the Objective Assessment, as they occur.
- D. If a participant needs to retake a CASAS® Goals assessment (pre-test or post-test), a waiver must be submitted to FRWDB staff prior to the retake. See OD 27- 09.

To assist in documenting this eligibility criteria, provider staff must forward the CASAS® Verification Letter (Form # ASM-010) to the student's high school to obtain confirmation from an authorized school official that the participant assessment scores are consistent with the student's level of functioning in reading and/or math. If the school official is unable to confirm the functioning level of the participant, the student will not be eligible for WIOA services. A copy of the CASAS® Verification Letter with all required signatures must be included in the youth case file with the eligibility documents.

Transitioning to CASAS® Goals Assessment

- Results of the CASAS® Goals Assessment must be entered into the CalJOBS Educational Functioning Level for Measurable Skills Gain tab and documented in the Objective Assessment, as they occur in CALJOBS as a new Pre-Test.
 - If the results of this new Pre-Test shows a participant is not basic skills deficient, no post-test is needed.
 - If the results of this new Pre-Test shows a participant is basic skills deficient (8.9 or below in reading or math) they must continue with remediation and post-test in CASAS® Goals assessment when ready.

When contacting FRWDB Data Services or submitting a waiver request, the ACA must include the participant's ID, the participant's name, the test to be retaken, and the reason for retaking the assessment.

All tests and retests must be maintained in the case file and results documented in CalJOBS. The reason for all retests must be documented in the case notes.
