

How to Create a LinkedIn Account

Note: The email address used to register for LinkedIn will become part of the LinkedIn Learning profile and used to confirm registration, link to the FRWDB Provider's Group, assign the Learning Paths, and track progress; therefore, a valid and professional email address is required.

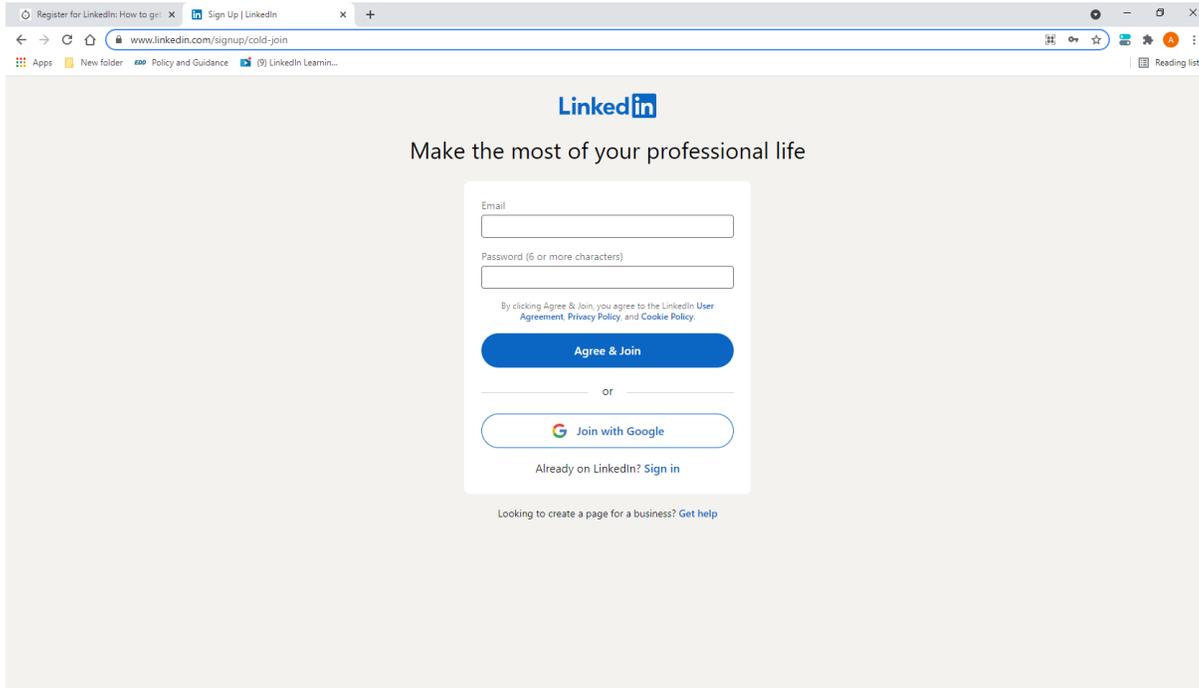

Follow the steps below to create a profile:

Open the web browser and type [linkedin.com](https://www.linkedin.com) into the address bar.

Already registered go to [Sign In](#) & use email and password to log in.

Not registered, go to [Join Now](#).

Enter a valid
Email address

Create a
Password &

[Agree & Join.](#)

LinkedIn
requires basic
data to

complete registration, continue to enter in the corresponding fields and and [Confirm Account](#).

Staff is to encourage participants to continue improving their profile by adding other information pertaining to their employment and education and start building a professional network.
